(See below list of recognized aftermarket hull manufactures by US & European Freestyle Championships)

The rider will be judged by five persons scoring on a scale of "1 to 10," with "10" being best.

The judges will award a score of at least "6" if the full two-minute freestyle routine has been completed.

If rider fails to complete one-minute routine a score of "0" points will be awarded.

Rider's freestyle routine will be judged on:

20% **variety** of tricks in the routine

20% **difficulty** of tricks in the routine

20% **execution** of tricks in the routine

20% **flow** of tricks in the routine

20% **number** (count) of tricks in the routine

There will be total of five judges , one for each criteria.

Judges must show scores using scoring cards after each rider's routine.

Scoring cards colors:

RED - variety of tricks

GREEN - difficulty of tricks

YELLOW - execution of ticks

FLOW - flow of tricks

WHITE - number (count) of tricks

All judges except Number of Tricks judge can not use the same scores for the two or more riders in their judging category unless necessary.

Judges use the scores to differentiate between each rider within the judging category.

Each judge presents placement/ranking of the riders based on their performance within his/hers judging category.

Who ever wins the most categories is the winner.

In the case of a tie for first, second or third place, each competitor in the tie will perform a one-minute routine.

In ties for all other positions, the highest single score will be used to break the tie. If still tied, the next highest individual score will be used and so on. If still tied, the riders will then perform a one-minute routine.

Best Trick judging system:

Rider has two attempts to perform his/hers best trick, if he/she is happy with first attempt there is no need to repeat the trick. If rider chooses to perform best trick one more time, judges will judge better attempt out of two.

Best Trick is judged by the panel of judges on overall impression of **originality, difficulty** and **execution**.

Each judge is judging on overall criteria.

Best Trick in Freestyle 800 class and Freestyle Beginner Open classes is limited to one single trick.

Best Trick in Freestyle 900 class is limited to one single trick or combination of two tricks.

Best Trick in Freestyle 1200 class is limited to one trick or combination of two or three tricks.
